YoloBox User Manual

## IMPORTANT

Before using YoloBox, please carefully read this handbook which includes warnings and attentions. We enables you to continuously use YoloBox if guided by this handbook. However, it is not applicable to the following cases:

- \* Unauthorized maintenance or replacement of parts;
- \* Damages caused by accidents, including but not limited to lightning, fire or exposed to humidity;
- \* Out-of-range use of permitted supply voltage;
- \* Unauthorized modification of product label or unapproved removal of warranty label.

### Attentions

Warning electric shock

Please return your YoloBox to manufacturer for any repairment or replacement.

Please use the power adapter provided by manufacturer and follow the rated voltage range.

### Product Description

## Warnings

- Please ensure that no liquid will splash on the product and no container filled with liquid will be put on the product.
- Do not plug up the vent in case of electric shock. Do not uncover the product or insert anything to the vent.
- Please put the product on the flat surface.
- Keep the product ventilated and away from direct sunlight or any heat source.
- Do not expose the product to humidity or fire.
- Manufacturer will not take charge of any accident caused by using non-standard power adapter.
